talks: **Know Yourself and Know Others: Individual Preference and Team Dynamics**

This interactive workshop utilizes a self-assessment tool and group discussion to learn about temperament and teams. Lots of fun--and learning too!

Conflict Management: Having a Difficult Discussion

This workshop promotes skill development in conflict management through interactive discussion, role-play, and paired practice/feedback.

The Internist as Administrator

This workshop is intended to encourage the internist to consider various administrative opportunities within the dean's office, and to assist attendees in assessing their interest in seeking such a role.
