

ACLGIM Strategic Goals and Priorities 2016 - 2018

Define Core Community

- ACLGIM has identified its core community to include: Academic General Internist Leaders and Emerging leaders in Scholarship, Research, Education, Patient Care, Administration, Policy, and Innovation. Leaders are those who are responsible for overseeing other individuals, teams or entire organizations engaged in one or more of these areas. *Learn more about ACLGIM membership [here](#).*

Enhance Internal GIM Advocacy

- Develop skills and tools needed by our core community and future members to advocate for GIM within their institutions. *Learn more about ACLGIM tools and programs [here](#).*

Synergize with Key Society of General Internal Medicine (SGIM) Priorities

- Map SGIM structures, processes, and strategic priorities and connect on key areas of mutual interest. *Learn more about SGIM [here](#).*

Enhance Physician Wellness

- Provide tools and resources to prevent burnout and promote physician wellness that can be deployed at institutions for both ambulatory and hospitalist divisions. *Learn more about the ACLGIM WELL Program [here](#).*

Deliver Value as a Member Organization

- Strengthen member products and programs, increase visibility of ACLGIM and GIM, and enhance networking opportunities. *Learn more about ACLGIM Leadership Forum [here](#) and ACLGIM meetings [here](#).*
