## From the Editor

April Fitzgerald

This issue of the *Leadership Forum* highlights the Winter Summit held December 6–8, 2015, in Austin, Texas. In keeping with the theme—*Preparing for the New Age of GIM: Capitalizing on Opportunities*—discussions included aligning academic and clinical missions as primary care expands, population health and integration with the primary care mission, service lines meeting the

needs of academic institutions, and opportunities to advance our mission collaboratively to benefit patients and caregivers. ACLGIM would like to thank the presenters at the Winter Summit for graciously offering their words of wisdom for publication.

ACLGIM invites and encourages Chiefs and Leaders in medicine to attend and actively participate in our meetings—the Winter Summit in

December and the Leon Hess Management Training and Leadership Institute held prior to the spring annual SGIM meeting—where they will find useful resources, collaboration, and networking.

As always, we both welcome and encourage your contributions to the *Leadership Forum*. Correspondence may be sent to [afitzg10@jhmi.edu](mailto:afitzg10@jhmi.edu).
