Call for UpToDate Reviewers

SGIM is looking for members to review a series of educational materials from Up to Date Inc. UpToDate is an evidence based, peer reviewed information resource that writes topic reviews including a synthesis of literature, the latest evidence, and specific recommendations for patient care.

Eligible candidates should be practicing clinicians. Reviewers may be selected for one or more modules during the next year. Reviewers will be asked to evaluate educational materials designed to inform patients of the most trusted, unbiased medical information available. Reviewer term is three years.

Interested candidates should sign up at www.sgim.org/volunteer.
