The AHTF aims to:
- Develop junior academic hospitalists as the leading teachers in their institutions
- Help academic hospitalists develop scholarly work and increase their scholarly output
- Enhance the awareness of the importance of quality improvement and patient safety work
- Support academic promotion of all attendees

Who Should Attend?
This meeting is designed to serve the needs of junior hospitalists who are pursuing an academic career. The AHA is designed for any hospitalist that engages in teaching, scholarship, quality improvement or patient safety. General internists and other primary care and specialty physicians with similar interests are also encouraged to attend.

Mentorship to Product Program
For AHA alumnae who express an interest, the AHTF will provide a 1:1 pairing with a mentor. One focus of the mentorship will be to work on a specific project that can be brought to the point of presentation at an SGIM meeting and/or publication. If interested, email machulskyj@sgim.org for more information.

About the AHTF
The SGIM Academic Hospitalist Task Force (AHTF) is the professional home for academic hospitalists dedicated to promoting scholarly activity and career development in education, research, patient care and leadership.

For more information about the AHTF visit: www.sgim.org/communities/task-forces/hospitalists
